Orig.

Bloomingtone, Ind.
May 28. 1871.

To whom it may concern:

I take great pleasure in bearing a strong, most, and shall be glad to testify it frequently in behalf of the work which Miss Emma L. Morgan does in teachers institutes.

I have seen her teaching, hearing exercises in Primary arithmetic and Language, including Reading. Her presentation is both simple and practical, while at the same time entirely in accord with the most approved methods. I regard both her manner and her work such as to be helpful for teachers, especially in primary grades.

Respectfully,
Richard G. Boone.

Dear Sir:

Knowing that many County-superintendents engage their institute instructors a year in advance, I write you to know if you can find one a place on your programme for next year. I have done considerable institute work and have, so far as I know, given satisfaction. My line is Language, Geography, Mistakes in Teaching and Shakespeare. The last two are something new. I have also a lecture. My terms are $25 per week and expenses. Prof Sanders of Connersville, Prof Alley of Bloomington, and Prof Barr of Anderson know of my work. Supt Lyon of Greenville can tell you what I did for him last year. If anything I can do for you occurs, I remain

Dear Sir:

I have your favor of the 2d. I worked with Prof. Aylsworth one year. He is a very pleasant man in dealing with. You would have no trouble in dividing the work between us. For the past several years I have been dealing with quite a variety of topics. I have taken some lines of work that I enjoy:

1. Principles of teaching, with instruction to show their application to the work of the school.

2. Moral Training, including matter and methods in opening exercises.

3. General Management, involving professional organization, government, and discipline.

4. Language, including methods in elementary composition.

5. Grammar, including a [illegible] method of teaching, by which the forms and repetition of stereotyped rules is avoided.

6. Methods in Writing, including exercises, movements and grouping of letters.

7. Elocution, including fundamental and advanced reading, with exercises in phonics.

8. Literature, including methods for the development of a proper taste for the better grades of literature.

9. Civil Government, including [illegible] matters of local government, and duties of our school boys.

10. Physiology, with the discussion of some one part of our animal, and a few simple experiments illustrating some vital facts of chemistry.

11. Constitutional Jurisprudence, including some essentials of Attorney, respecting the most common practical business.

12. Mistakes in Teaching, or Hard Knots.

in which [illegible] both negatively & positively.

Of course I can't say [illegible] the [illegible] line of [illegible], but from the whole number [illegible] could be made for you [illegible]

I could give one, or two, [illegible] as might be required.

Salem, Indiana—

Dear Sir:— Your favor of yesterday date is just at hand and contents noted. In reply will say that the lines of work of which I make specialties are 1. "Morals". 2. School Management. 3. Reading. 4. Method in Grammar. I can also do work in Method in Geog. and Arith but prefer not to take these. Sometimes also take Psychology. The first four are my preferences in the order named. My terms for the past six years have been $60, and pay all my expenses, or $50.00 with board and one fare. Aug 20–24 I go to Goshen at 50 & expenses. Aug. 27–31 to Marion at $60.00. The first week of Sept. to Lafayette at the first price. Have several openings for Aug. 18 to 17, but have not accepted any as I prefer to go to new counties. If anything may work so much lighter. As I desire to meet your teachers I will make you this offer. Will come for $50.00 and board. I pay my own railroad fare. Please let me know at your earliest convenience as the work on commences in White Co.

Yours truly V. J. Bassett.

Dear Sir — Several days ago I wrote you in reply to yours of the 8th saying that you had engaged Prof. Ely — that your Institute was fixed for Aug. 15-17 and asking my dates of work and terms. Pardon me for bringing it to your earliest convenience whether you desire my services or not, as others are waiting for an answer as to that date. As I have never met the teachers of your County I much prefer to come there, to favor to either of the others. May I not hope for an early reply?

Salem, Ind —

My Dear Sir:- I trust that you will pardon my writing you again concerning your Co. Institute, which you wrote me was to be held Aug. 13 to 17 - I write you concerning the matter again because several parties are waiting for an answer from me concerning that week - As I have been one or more times in all the Counties desiring me for that date, except White, I would much prefer coming to your Co. and so have waited to hear from you. Will you kindly let me know by return mail? The reason that I request this is that on next Friday, Sat., Feb. 2 & 3 I work in the Association at Monticello - they want me for their Institute next Summer on the date that your is held and will insist on an answer at that time. I much prefer to come to you. For fifty or seven years I have not had less than the price named save in two or three special cases, but if you cannot afford that price I can cut a little more - Let me know the best you can afford to do and I will answer at once whether I can accept it - As each of the other places wanting me the option to pay me the full price - If you have doubts as to my work I enclose a few brief extracts copied from letters written me by those for whom I have worked. Please answer by return mail & oblige

Yours truly
T. J. Carroll.

Office Of
County Superintendent,
Clark County.

Charlestown Ind., July 30. 1894.

DEAR _____

The annual session of the Clark County Teachers' Institute will convene in the High School Building at Jeffersonville, at 10 o'clock a. m., Monday, August 27th, and continue five days. Superintendent D. M. Geeting, of Madison, Ind., and Superintendent W. H. Fertich, of Covington, Ind., have been engaged as instructors, and the Institute promises to be a profitable one in every particular. Every teacher in the County is expected to be present the entire session. Failure to do so, without good cause, will be considered evidence of lack of professional interest.

The County Superintendents in session at Indianapolis, June 14, 1894, passed the resolution that each person who has never taught be allowed 2 1-2 per cent. on general average for full County Institute attendance. Persons who have taught will be allowed 5 per cent. on success.

I would be pleased to see members of the Board of Education present and extend a cordial invitation to all who are interested in the cause of Education.

Dear Supt. Cogswell:

Your letter just received. If your finances are somewhat uncertain and you would like to have me work for you, I am willing to let our agreement be that I take $40 for my services, and then $50, if you find at the time you can pay it conveniently. $40 and expenses was my price last summer and my experience, and work since has made my services worth more, perhaps. I am willing to leave the extra, if there should happen to be any, wholly to your discretion. I find people pretty generally ready to do the

fair thing if they are given half a chance. In fact, we suspect that someone gave me "so" about the cabinet because he thought I owned it.

Is any resident regarding Prof. Morris when you see him.

Dear Supt Cogswell:

I accept the institute arrangement on the terms you propose and thank you for the privilege of helping you.

As soon as you know who the other instructors will be, will you kindly inform me? It is an advantage for the instructors to make their work fit in together and some planning beforehand will help on that matter.

Dear Sir:

Your letter in regard to terms for institute work is at hand. I have no engagement for the week beginning Aug. 26, and I should be glad to do the kind of work you allude to in your letter. My terms are $20 for three exercises daily — or ten, if I cannot have so much time. If you are not already supplied with books, I usually prefer to use one of my own selection, furnishing them free of charge for the week.

I shall hope to hear from you soon.

My Dear Sir:

I have my programme of inst. work for the summer partly made out. I have been in hopes that I could get your county in the list. I have a record of the work I did in your county, and I could come to you with new and different work from any I have done in your county. Under the circumstances, I am convinced that we could get up an entertainment that could be a source of revenue, if that were desirable.

How does the battle go with you officially? Will you be all right next September? I would like to hear from you.

Dear Miss Coggeshall:

Will you kindly send me a programme of the institute as soon as they are ready, so I may be getting my work into it? I have no any notion about it except that my work is announced under pretty general topics, say pedagogy, so I can make it progressive throughout the weeks. I shall - let have some more general talks on such more purely pedagogical subjects. Depending on what the teachers down here, I want to fit as much into my series of talks

[illegible] perhaps you will
[illegible] in some of your classes
[illegible] for being later and then
[illegible] the intellectual into informal
[illegible] discussion. I have noticed
that when teachers begin to feel
[illegible] own personal interests in the
[illegible] of an individual it gets
[illegible] intensive & helpful. Of
course there instruction can fall
[illegible] times, and then would more,
but all does not depend on
how much they talk.

Sorry for a most unintelligible
& unfinished letter. I mean

[illegible] very truly

Dear Dr. Cornell:

Your kind letter and announcement of program came weeks ago. Accordingly, only it will be much better for the institute and easier for me if you will turn me loose more from the standpoint of psychology and pedagogy. From that standpoint I can emphasize essential points in the various branches and make my work much more coherent and helpful. I am glad you are going to make out the program

week day. Each day's work will show what is needed most the most and the most can be made a progressive one.

I am sure the more of Hist and with you can exchange for talks in Geographology the better. ~~Can~~ Also and do not think I am going to be much theoretical, for I shall not, though I shall try to keep right enough above mere details so that my work will last when the institute sits shows more are ragged.

I have not learned about trains yet but will report as soon as possible.

Very sincerely Yours.

Prof. Logsdell:

Dear friend:

I see by examination of the last questions that the answers to many are mere matters of opinion and that the answers to many more form no true test of one's ability to teach. In fact practical work in the school room forms the only true test. Unfortunately I am not able to send Frank off to school the coming year, and he ought to go to school or teach. I hope you can at least give him a trial license and if he gets a school he can go to school next spring and summer. He is industrious and a good boy and I believe will teach a good school. Hoping you will give him a trial I am.

Dear Sir,

Please call my attention to your program of institute instruction and if we can offer terms to your next summer session I would be glad to hear dates and terms with your reply to this letter. The best of care as well as the knowledge the large amount of time and money, all necessary, put into our summer session demands the best teachers.

Respectfully,

Lillie Elson.

Dear Sir:

In response to your inquiry you or Indianapolis I write this note thinking it may be institute work.

I will work one week for you and deliver one evening address for forty dollars ($40.00) and I can be known (including hotel bill).

I could have open the 2d & 3d weeks in and the last week of July.

Let me hear from you at an early date and oblige

Respectfully

Dear Sir:

Your letter of recent date is at hand. I shall take great pleasure in marking off the last week in August for you – although I would like to have some definite information in regard to the weather you will furnish! The only time in my life I was ever too warm for comfort was that week in Iowa last August. I am delighted to hear of the success of your scheme in regard to music in your schools, and will make an effort to give it another "boom" next summer, if there is any need for it.

I have, so far, the same work I had last summer – Spencer, Aug. 10; Salem, Aug. 24; & Terre Haute, Aug. 31.

Sincerely Yours.

Carrie M. Adney.

It gives me pleasure to state that Geo. A. Kelly, has been a member of my company for the past five years, during which time he has proved himself a good, reliable, sober and obedient soldier. His performance of his duties have been satisfactory.

His relations are excellent in private life. His morals are good.

He is highly esteemed by all and possesses a good character.

I have had several occasions since he was with me to recommend him to the notice of the men during the service of our mutual country, and trustworthy young man.

My Dear Supt. Cogswell:

Perhaps at the coming Convention you will find some one who is looking for an instructor in a institute. If so and you feel like saying a word for me it will be a kindness to me and I hope it would be in the interest of the profession. Mr Morrison wrote me but his work comes the same as yours.

I shall be here part of the summer finishing up some work and preparing for the institute talks. Work is going finely.

I hope you are getting on nicely in every way. With best wishes

Dear Sir:

As I am to be in Borden Institute again next year, and am easily accessible to your County Institute, I have concluded to ask you for some work for the coming session.

It matters but little about salary. I simply wish to meet with your teachers for the benefit of our school, and for practice in doing Institute work.

Am doing work in "I. U." on Experimental Psychology, Experimental Pedagogy, and Trigonometry. Received my diploma from the State Normal at the recent Commencement.

Dear Sir:

I have Aug. 17 down for Salem; is that right? What shall I do this year, in the way of books? Are the teachers generally supplied with vocal drill books? If so, I'm sure I can use that book to very good advantage; but if you think I'd better bring "Bird Songs", I will order more especially. I hope you will not put me down for more than my two daily exercises, as I think the teachers suffer more than we do; with the warm weather and long sessions. Let me know of any special points you would like for me to touch upon. You should be very proud of the large per cent of your teachers who tried to follow your instructions in regard to teaching music.

Sincerely Yours.

Carrie B. Adams.

W. W. Cogswell Esq.

Dear Sir:

I want to write to Mr. Giffe concerning Vocal Drill books this week. Do you think I will need to bring very many, and will there be any demand for the book - or are the teachers pretty generally supplied? Give me some idea of the number I'll need to bring, if you can.

I didn't get one of Supt. Geeting's lists this year, and do not know who your other instructors are. Please inform me. I feel sure will have plenty of interest in music, if the teachers are as much interested in it as the

number of Vocal Drill books in the schools shows. You must have been in earnest in your endeavors.

My boarding place last year had the advantage of being near the court-house, to be sure, but if you were thinking of making a change this year, I'm sure I shall not object! Make arrangements for Stanley again, and locate us as congenially as circumstances will permit. I hope you'll have another watermelon party, too!

Sincerely Yours.

Dear Sir:- In reply to your of the 6th I will state that my experience in institute work has been wholly in the State of New York where my earlier teaching was done. I have worked in the branches named in my last letter, and especially in History and Geography. Upon these two lines I think I may fairly claim to have worked out something that teachers do not often have presented to them. The essence of this was presented in my paper before the Southern Teachers' Association at its recent meeting at Washington.

Perhaps it is not necessary for me to go into details as to my qualifications for such work, and I certainly do not care to estimate my own worth. I hope, however, that you will make

inquiries of those who know me best. If you are not satisfied with the result I shall not be disappointed if you engage someone else. I can readily understand that you wish to select your instructor with great care.

To County Superintendents of Schools,
Gentlemen:

Permit me to call your attention to the great importance of elementary musical instruction in the Public Schools. Local County Institute where music is taught, teachers can get sufficient assistance to enable them to give some elementary instruction, satisfactorily to themselves, their pupils and patrons.

If you have not already secured a musical instructor for your Teachers' Institute I shall be pleased to correspond with you regarding the same. The best references will be given, if desired.

Very respectfully,
Henry M. Butler.
